### **PART I. GENERAL INFORMATION**

#### **Date, Time and Place of Meeting of Security Holders**

The Annual Stockholders' Meeting of Zeus Holdings, Inc. ("Zeus" or the "Company") will be held on Thursday, 5 November 2009 at 2:00 p.m. at the Penthouse, Lepanto Bldg., 8747 Paseo de Roxas, Makati City. Definitive copies of this Information Statement will be sent to all stockholders entitled to notice and vote approximately on or before 13 October 2009.

#### **Dissenters' Right of Appraisal**

Generally, a stockholder shall have the right to dissent and demand payment of the value of his shares in the instances stated in Section 81 of the Corporation Code, as follows: (a) amendment of the articles of incorporation which has the effect of changing or restricting the rights of any stockholders or class of shares; or authorizing preferences in any respect superior to those outstanding; or of extending or shortening the term of corporate existence; (b) in case of sale, lease, exchange, transfer, mortgage, pledge or disposition of all or substantially all of the corporate property and assets; and (c) in case of merger and consolidation.

The appraisal right abovementioned may be exercised by any stockholder who shall have voted against the proposed corporate action, by making a written demand on the corporation within 30 days after the date on which the vote was taken for payment of the fair value of his shares: Provided, That failure to make the demand within such period shall be deemed a waiver of the appraisal right. If the proposed corporate action is implemented or effected, the corporation shall pay to such stockholder, upon surrender of the certificate or certificates of stock representing his shares, the fair value thereof as of the day prior to the date on which the vote was taken, excluding any appreciation or depreciation in anticipation of such corporate action.

If within a period of 60 days from the date the corporate action was approved by the stockholders, the withdrawing stockholder and the corporation cannot agree on the fair value of the shares, it shall be determined and appraised by three disinterested persons, one of whom shall be named by the stockholder, another by the corporation, and the third by the two thus chosen. The findings of the majority of the appraisers shall be final, and their award shall be paid by the corporation within 30 days after such award is made: Provided, That no payment shall be made to any dissenting stockholder unless the corporation has unrestricted retained earnings in its books to cover such payment; and Provided, further, That upon payment by the corporation of the agreed or awarded price, the stockholder shall forthwith transfer his shares to the corporation.

- a. the minutes of the previous stockholders' meeting;
- b. 2008 Audited Financial Statements;

Hence, there is no basis for the exercise of the appraisal right.

This major transaction marked the entry of the Company in the cement business. The Company became the majority owner (99.63%) of MPCC, a company engaged in the manufacturing and distribution of cement.

On 1 July 1998, the Company's major stockholders, Far East Cement Corporation and Eagle Cement Corporation sold in favor of Blue Circle Philippines, Inc. ("BCPI") and Round Royal, Inc. ("RRI") shares of stock comprising 57% of its outstanding capital stock. As of 31 December 1999, the shareholdings of Round Royal, Inc. comprised 50% while BCPI was at 24%.

Also on 1 July 1998, MPCC issued a One Billion Peso Convertible Note with a maturity date of 1 July 2003 in favor of BCPI. The Convertible Note can be settled either by: (1) payment of the principal amount plus interest, or (2) conversion into such number of common shares of MPCC issued at par value sufficient to cover the Note plus interest.

The Company, for its part, entered into an Option Agreement with BCPI on 1 July 1998. Under the Option Agreement, the holder of the Convertible Note issued by MPCC was given the right to require the Company to purchase from it the whole (and not just a part) of the Convertible Note. The Put Option may be exercised at any time within five (5) years from the execution of the Option Agreement. The holder of the Convertible Note may be paid either: (1) the principal amount plus accrued interest, or (2) such number of new shares of the Company issued at par value as may be sufficient to cover the value of the Convertible Note.

BCPI subsequently assigned its rights under the Option Agreement in favor of RRI. In a letter dated 7 December 1999, RRI served notice upon the Company that it was exercising its option under the Option Agreement to require the Company to issue, in its favor, new shares in the amount of P1,095,000,000.00 (principal amount of the loan plus interest) in exchange for the Convertible Note. As a result thereof, the outstanding capital stock of the Company was increased to P2,733,463,907.00 from P1,638,463,907.00.

On 8 December 1999, the Board of Directors of the Company approved the integration of its operations and activities with the operations and activities of Fortune Cement Corporation (“Fortune”) and its subsidiary, Republic Cement Corporation (“Republic”) and Iligan Cement Corporation (“Iligan”) under the following swap ratios:

1,000 common shares of Republic	=	1,575 Fortune shares
	=	14,411 Company shares
	=	206 Iligan shares

The integration of the four (4) companies was effected on 20 October 2000. As a result thereof, Republic obtained majority control of the Company.

On 15 December 2000, the Company divested its equity interest in MPCC in favor of Republic.

In accordance with the SEC Tender Offer Rules, PICOP Holdings, Inc. (now known as ZHI Holdings, Inc. or “ZHIHI”) offered to purchase the 98.18% equity interest of Republic in the Company at a price of P0.04826 per share. ZHIHI likewise offered to buy the remaining 1.82% equity stake of minority shareholders under the same terms. The offer period began on 22 November 2000 and ended on 20 December 2000. Republic accepted the offer of ZHIHI and divested all its equity holdings in the Company in favor of the latter. Minority shareholders owning 290,000 common shares of the Company also accepted the tender offer of ZHIHI. As a result, ZHIHI acquired a 98.533% equity stake in the Company.

In August 2001, ZHIHI sold off 14,864,576 of its shares in the Company or approximately 0.53% of its equity therein. Thus, ZHIHI retained a 98% equity stake in the Company.

In June 2007, ZHIHI further sold off 2,555,788,753 of its shares in the Company, or approximately 93.5% of the outstanding capital stock of Zeus, to F. Yap Securities, Inc. in Trust For Various Clients, namely Zamcore Realty Corporation, Horizon Resources Corporation, Lindsay Resources Corporation, Sharone King, Charles Paw, Grace Cerdenia, and George Ivan Ang, thus further reducing its equity stake in the Company to 4.5%. At present, the largest stockholder of the Company is Zamcore Realty Corporation, holding a 34% equity stake in the Company.

On 13 July 2009, pursuant to its business plan of going into the mining industry, the Company entered into an Operating Agreement with Olympic International Sales Corporation (“OISC”), whereby the Company was appointed as operator of OISC’s mining claims situated in the municipalities of Carrascal, Cantillan and Madrid, Province of Surigao del Sur, with an approximate area of 4,656.9165 hectares (the “Mining Claims”). The Mining Claims are currently the subject of Application for Production Sharing Agreement No. 000115-XI (“APSA”), pending with the Mines and Geosciences Bureau (“MGB”), CARAGA Regional Office No. XIII, Surigao City. Under the Operating Agreement, the Company will be responsible for the prosecution of the APSA until the same is approved and a Mineral Production Sharing Agreement issued. The Company will explore, and if warranted, develop and operate the Mining Claims.

Also on 13 July 2009, in consideration for the Company’s appointment as operator of the Mining Claims, the Company entered into an Agreement to Subscribe to Shares and to Issue Shares with OISC, whereby the Company would issue to OISC 10,000,000 shares out of the

Company's un-issued capital and granted OISC the option to subscribe to 110,000,000 shares of the Company as follows:

- a) Ten Million (10,000,000) shares from the Company's unissued capital within one (1) year from the issuance of the Mineral Production Sharing Agreement ("MPSA"); and
- b) One Hundred Million (100,000,000) shares from the Company's unissued capital within five (5) years from the issuance of the MPSA.

Notwithstanding the foregoing, the Company currently has minimal operations and, thus, has no full-time employees.

### **Legal Proceedings**

There is a pending complaint for Rescission and Damages filed in January 1998 by Nicasio Alcantara and Alsons Development & Investment Corporation (the "Plaintiffs") against Angelina Floro, Elizabeth Floro, Teresa Balaguer, Eagle Cement Corporation ("ECC") and the Company (the "Defendants") for the rescission of the sale of Mindanao Portland Cement Corporation ("MPCC") shares by Defendants to ECC, and the sale of the same MPCC shares by ECC to the Company, on the ground that Defendants violated Plaintiffs' right of first refusal. The case is docketed as Civil Case No. 98-076 (the "Civil Case") and pending with the Regional Trial Court of Makati, Branch 132 (the "RTC").

On 15 December 2000, the Company divested its equity interest in MPCC in favor of Republic.

On 13 February 2008, the RTC dismissed the Civil Case for failure of Plaintiffs to serve summons on ECC and for lack of interest. On 29 May 2008, however, the RTC reconsidered the 13 February 2008 dismissal Order and denied Defendants' subsequent motion for reconsideration, constraining them to elevate the matter to the Court of Appeals ("CA") on 9 September 2008 by way of Petition for Certiorari ("PC") under Rule 65 of the Rules of Court. The PC is docketed as CA-G.R. SP No. 105187 and remains pending to-date.

In the meantime, on 29 October 2008, ECC filed a Motion to Dismiss Ex Abundante Ad Cautelam (the "MTD") on the grounds that the claim against ECC has been extinguished and that the complaint failed to state a cause of action against it. On 7 January 2009, the RTC issued an Order granting the MTD and dismissed the complaint as against ECC. Plaintiffs filed a Motion for Reconsideration ("MR") of the said Order which was denied on 16 March 2009.

On 2 June 2009, defendants Floros and the Company filed an Omnibus Motion a. To Dismiss for Lack of Cause of Action, and b. To Cancel the Hearing on the Affirmative Defenses (previously set by the court on ECC's affirmative defenses). On 18 June 2009, the RTC issued an Order which dismissed the case as against the Company and canceled the hearing on ECC's affirmative defenses. However, the Order denied the prayer for dismissal of the case as against the rest of Defendants. On 1 July 2009, Plaintiffs filed a Motion for Partial Reconsideration of the 18 June 2009 Order insofar as it dismissed the case as against the Company, which remains pending to-date.

## Plan of Operation

Since acquiring majority ownership of the Company in 2007, the current major stockholders have considered engaging in the mining business in order to revitalize its operations and attain profitability.

Consistent with this plan, on 13 July 2009, the Company entered into an Operating Agreement with OISC, which would allow the Company to operate certain mining claims of OISC in Surigao del Sur and to prosecute APSA No. 000115-XI, pending with the MGB. The Company has already made timely and proper disclosures with the SEC and the Philippine Stock Exchange (“PSE”) regarding this transaction with OISC. Within the next twelve (12) months, the Company intends to conduct extensive exploration activities on the Mining Claims to determine the existence and volume of ore deposits.

In addition to the said Mining Claims, the Company is presently looking at and evaluating certain areas located in the northern and southern regions believed to be rich in mineral deposits. Once agreements are in place for the lease or acquisition of these areas, the Company will make the timely and proper disclosures to the SEC and PSE.

The major stockholders commit to support the operations of the Company. In the immediate term, the major stockholders will provide the cash requirements of the Company.

## Management's Discussion and Analysis of Plan of Operation

### Year 2008

As of 31 December 2008, total assets stood at P1,008,949, a 234% increase from last year. A major shareholder made advances to the Company resulting to a 510% increase in cash. Increase in other current assets is attributable to input value added tax on listing and audit fee. Accounts payable and accrued expenses increased due to unreleased payment to a service provider as of 31 December 2008. On 30 September 2008, Due to Related Parties was converted to Deposit for Future Stock Subscription.

During the year, the Company registered a modest increase in net loss from P657,168 to P664,322. The increase is attributable to the increase in listing and professional fee, photocopying expense and cost of seminar attended by an executive. However, it was cushioned by lower other operating expenses during the year.

With the view to effectively address the losses and achieve profitability for the Company, it intends to step up its foray into the mining industry within the next twelve (12) months, starting with the conduct of exploration activities on the aforementioned OISC Mining Claims in Surigao Del Sur. As stated, the Company is likewise looking at and evaluating a few more mining claims in both northern and southern Philippines believed to be rich in mineral deposits. While these activities will entail a significant increase in the Company’s expenses, the Company is hopeful that the exploration activities will yield highly positive results and lead to a significant turnaround for the Company’s operations and profitability.

As of 30 September 2009, the Company has only P0.93 centavos worth of current assets for every one peso liability as compared to last year's P1.48 for every one peso liability. The decrease is attributable to the payment of various operating expenses. As of the period, the Company is still unable to support its current liabilities.

**Book Value Per Share** measures the recoverable amount in the event of liquidation if assets are realized at book value. The Company has book value per share of -0.00002 as of 30 September 2009.

**Loss Per Share** is calculated by dividing net loss by the weighted average number of shares issued and outstanding. As of 30 September 2009, the Company recorded a Loss Per Share 14% lower as compared to the same period last year.

Given the minimal operations of Zeus for the past few years, the foregoing financial ratios are deemed to be the best indicators of its performance for the given time period.

The Company has substantially complied with the Manual with the election of an independent director to the Company's Board for the past seven (7) years (in November 2007 and again in November 2008, two independent directors were elected to the Board); the creation of the Audit, Compensation and Remuneration, and Nomination and Election Committees and the

The Company has also designated a Compliance Officer who oversees compliance with the Manual.

The Manual contains a Plan of Compliance which not only provides for the duties of the Company's Board of Directors as a whole but also spells out the duties, responsibilities and functions of each individual director. The website is regularly updated.

Policies and procedures for the identification of potential conflicts of interests involving the Company's directors and officers are currently being developed. A Full Business Interest Disclosure Form has been adopted and has been complied with by the directors and key officers of the Company.

Except as specified hereunder, the Company has not committed any major deviations from the provisions of its Manual. To date, the Company has not yet fully complied with the provisions of its Manual with respect to the following:

1. Due to limited operations, the Company has no compensation scheme for its directors and officers; and
2. The handbook has not been finalized mainly due to the Company's limited operations and manpower, and the change in the shareholders of the Company.

We have audited the accompanying financial statements of Zeus Holdings, Inc., which comprise the balance sheets as at December 31, 2008 and 2007, and the income statements, statements of changes in equity (capital deficiency) and cash flow statements for each of the three years ended December 31, 2008, and notes to financial statements comprising of a summary of significant accounting policies and other explanatory notes.

### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Philippine Financial Reporting Standards. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

### *Auditors' Responsibility*

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with Philippine Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

APR 01 2009

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

*Opinion*

In our opinion, the financial statements present fairly, in all material respects, the financial position of Zeus Holdings, Inc. as of December 31, 2008 and 2007, and its financial performance and its cash flows for each of the three years ended December 31, 2008, in accordance with Philippine Financial Reporting Standards.

*Emphasis of Matter*

We draw attention to Note 1 to the financial statements which indicates that the Company incurred net losses of P664,322, P657,168 and P498,490 for the years ended December 31, 2008, 2007 and 2006, respectively. For the current year and the last few years, the Company has not been engaged in any investing and operating activity. Its continuous incurrence of net losses, its deficit resulting from losses incurred in prior years, and the absence of any investing or operating activity raised substantial doubts about its ability to continue as a going concern. The Company's management, however, continues to assess possible investment opportunities and various options regarding operations that the Company may undertake in the future. The financial statements do not include any adjustments relating to the recoverability of recorded assets or the amounts of liabilities that may be necessary should the Company be unable to continue as a going concern.

**1. CORPORATE INFORMATION AND STATUS OF OPERATIONS**

***1.1 Corporate Information***

Zeus Holdings, Inc. (the Company) was incorporated in the Philippines on December 17, 1981 to engage in the purchase and sale of investments. The Company has not yet started its commercial operations.

In June 2007, ZHI Holdings, Inc. (ZHI), sold 93.5% of its shareholdings in the Company to various investors, thereby reducing its equity stake to 4.5%. At present, the largest stockholder of the Company is Zamcore Realty & Development Corporation which holds a 34% equity stake in the Company.

The shares of the Company are traded at the Philippine Stock Exchange.

The registered office of the Company, which is also its principal place of business, is located at the 20th Floor, LKG Tower, 6801 Ayala Avenue, Makati City.

The finance and administrative affairs of the Company are being handled by a related party.

The financial statements of the Company for the year ended December 31, 2008 (including the comparatives for the years ended December 31, 2007 and 2006) were authorized for issue by the Company's Board of Directors (BOD) on February 24, 2009.

***1.2 Status of Operations***

The Company incurred net losses of P664,322 in 2008, P657,168 in 2007 and P498,490 in 2006. For the current year and the last few years, the Company has not been engaged in any investing or operating activity.

The Company's continuous incurrence of net losses, its deficit resulting from losses incurred in prior years, and the absence of any investing and operating activity raised substantial doubts about its ability to continue as a going concern. However, with the change in the ownership of the Company in 2007, the Company is currently evaluating business opportunities to revitalize its operations. On September 28, 2007 and November 28, 2007, the BOD and the Stockholders, respectively, approved a proposed business plan involving the contemplated shift in the Company's primary purpose from an investment holding company to a mining entity. The Company is currently in discussion with several parties holding mining interest, including foreign investors, for a possible joint business venture.

APR 01 2009

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern which contemplates the realization and satisfaction of liabilities in the normal course of business.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies that have been used in the preparation of these financial statements are summarized below. The policies have been consistently applied to all years presented, unless otherwise stated.

### *2.1 Basis of Preparation of Financial Statements*

#### *(a) Statement of Compliance with Philippine Financial Reporting Standards (PFRS)*

The financial statements of the Company have been prepared in accordance with PFRS. PFRS are adopted by the Financial Reporting Standards Council (FRSC) from the pronouncements issued by the International Accounting Standards Board (IASB).

The financial statements have been prepared on the historical cost basis. The measurement bases are more fully described in the accounting policies that follow.

#### *(b) Functional and Presentation Currency*

These financial statements are presented in Philippine pesos, the Company's functional currency, and all values represent absolute amounts except when otherwise indicated (see Note 3).

### *2.2 Impact of New Standards, Amendments and Interpretations to Existing Standards*

#### *(a) Effective in 2008 but not relevant to the Company*

The following interpretations to published standards are mandatory for accounting periods beginning on or after January 1, 2008 that are not relevant to the Company:

Philippine Interpretation		
IFRIC 11	:	Group and Treasury Share Transactions
Philippine Interpretation		
IFRIC 12	:	Service Concession Arrangements
Philippine Interpretation		
IFRIC 14	:	PAS 19 – The Limit on a Defined Benefit Asset, Minimum Funding Requirements and their Interaction
PAS 39 and PFRS 7		
(Amendments)	:	PAS 39, Financial Instruments: Recognition and Measurements and PFRS 7, Financial Instruments Disclosures

APR 01 2009

(b) *Effective Subsequent to 2008*

There are new and amended standards and Philippine Interpretation that are effective for periods subsequent to 2008. Of these new and amended standards and Philippine Interpretation, PAS 1 (Revised 2007), *Presentation of Financial Statements* (effective from January 1, 2009) is relevant to the Company which the Company will apply in accordance with their transitional provisions.

The amendment requires an entity to present all items of income and expense recognized in the period in a single statement of comprehensive income or in two statements: a separate income statement and a statement of comprehensive income. The income statement shall disclose income and expense recognized in profit and loss in the same way as the current version of PAS 1. The statement of comprehensive income shall disclose profit or loss for the period, plus each component of income and expense recognized outside of profit and loss classified by nature (e.g., gains or losses on available-for-sale assets or translation differences related to foreign operations). Changes in equity arising from transactions with owners are excluded from the statement of comprehensive income (e.g., dividends and capital increase). An entity would also be required to include in its set of financial statements a statement showing its financial position (or balance sheet) at the beginning of the previous period when the entity retrospectively applies an accounting policy or makes a retrospective restatement. The Company will apply PAS 1 (Revised 2007) in its 2009 financial statements.

**2.3 Impairment of Non-financial Assets**

The carrying value of input value-added tax (VAT) is tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable.

For purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). As a result, some assets are tested individually for impairment and some are tested at cash-generating unit level.

An impairment loss is recognized for the amount by which the asset or cash-generating unit's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of fair value, reflecting market conditions less costs to sell and value in use, based on an internal discounted cash flow evaluation. Impairment loss is charged pro rata to the other assets in the cash-generating unit.

All assets are subsequently reassessed for indications that an impairment loss previously recognized may no longer exist and the carrying amount of the asset is adjusted to the recoverable amount resulting in the reversal of the impairment loss.

APR 01 2009

## **2.4 Provisions**

Provisions are recognized when present obligations will probably lead to an outflow of economic resources and they can be estimated reliably even if the timing or amount of the outflow may still be uncertain. A present obligation arises from the presence of a legal or constructive commitment that has resulted from past events.

Provisions are measured at the estimated expenditure required to settle the present obligation, based on the most reliable evidence available at the balance sheet date, including the risks and uncertainties associated with the present obligation. Any reimbursement expected to be received in the course of settlement of the present obligation is recognized, if virtually certain as a separate asset, not exceeding the amount of the related provision. Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. In addition, where time value of money is material, long-term provisions are discounted to their present values using a pretax rate that reflects market assessments and the risks specific to the obligation.

Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate.

In those cases where the possible outflow of economic resource as a result of present obligations is considered improbable or remote, or the amount to be provided for cannot be measured reliably, no liability is recognized in the financial statements.

Probable inflows of economic benefits that do not yet meet the recognition criteria of an asset are considered contingent assets, hence, are not recognized in the financial statements.

## **2.5 Expense Recognition**

Expenses are recognized in the income statement upon receipt of goods and utilization of services or at the date they are incurred.

## **2.6 Income Taxes**

Current tax assets or liabilities comprise those claims from, or obligations to, fiscal authorities relating to the current or prior reporting period, that are uncollected or unpaid at the balance sheet date. They are calculated according to the tax rates and tax laws applicable to the fiscal periods to which they relate, based on the taxable profit for the year. All changes to current tax assets or liabilities are recognized as a component of tax expense in the income statement.

Deferred tax is provided, using the balance sheet liability method, on temporary differences at the balance sheet date between the tax base of assets and liabilities and their carrying amounts for financial reporting purposes.

Under the balance sheet liability method, with certain exceptions, deferred tax liabilities are recognized for all taxable temporary differences and deferred tax assets are recognized for all deductible temporary differences and the carry forward of unused tax losses and unused tax credits to the extent that it is probable that taxable profit will be available against which the deferred tax asset can be utilized.

APR 01 2009

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the balance sheet date.

Most changes in deferred tax assets or liabilities are recognized as a component of tax expense in the income statement. Only changes in deferred tax assets or liabilities that relate to a change in value of assets or liabilities that is charged directly to equity are charged or credited directly to equity.

### ***2.7 Equity (Capital Deficiency)***

Capital stock is determined using the nominal value of shares that have been issued.

Additional paid-in capital includes any premiums received on the initial issuance of capital stock. Any transaction costs associated with the issuance of shares are deducted from additional paid-in capital, net of any related income tax benefits.

Deposits for future stock subscriptions are recorded based on the amounts received from stockholders and amounts of advances to be converted to equity.

Deficit includes all current and prior period results as reported in the income statement.

### ***2.8 Loss Per Share***

Loss per share is determined by dividing net loss by the weighted average number of issued and outstanding shares during the year.

## **3. SIGNIFICANT ACCOUNTING JUDGMENTS AND ESTIMATES**

The Company's financial statements prepared in accordance with PFRS require management to make judgments and estimates that affect amounts reported in the financial statements and related notes. Judgments and estimates are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under circumstances. Actual results may ultimately differ from these estimates.

In the process of applying the Company's accounting policies, management has made the following judgments, apart from those involving estimation, which have the most significant effect on the amounts recognized in the financial statements:

### ***(a) Functional and Presentation Currency***

The Company has determined that its functional currency is the Philippine peso which is the currency of the primary economic environment in which the entity operates.

APR 01 2009

(b) *Provisions and Contingencies*

Judgment is exercised by management to distinguish between provisions and contingencies. Policies on recognition and disclosure of provision and contingencies are discussed in Note 2.4, and the relevant disclosure is presented in Note 9.

(c) *Impairment of Non-financial Assets*

PFRS requires that an impairment review be performed when certain impairment indicators are present. The Company's policy on estimating the impairment of non-financial assets, specifically its input vat, is discussed in detail in Note 2.3. Though management believes that the assumptions used in the estimation of fair values reflected in the financial statements are appropriate and reasonable, significant changes in these assumptions may materially affect the assessment of recoverable values and any resulting impairment loss could have a material adverse effect on the results of operations.

No impairment loss was recognized on the Company's input VAT in 2008 and 2007 (see Note 4).

4. **OTHER CURRENT ASSETS**

This account consists of the following as of December 31:

	<u>2008</u>	<u>2007</u>
Input VAT	P 232,196	P 173,422
Others	<u>-</u>	<u>852</u>
	<u>P 232,196</u>	<u>P 174,274</u>

Management has assessed that the balance of Input VAT is fully recoverable, thus, no impairment losses were recognized in 2008 and 2007.

5. **ACCOUNTS PAYABLE AND ACCRUED EXPENSES**

The composition of this account as of December 31 is shown below:

	<u>2008</u>	<u>2007</u>
Accounts payable	P 596,487	P 572,190
Accrued expenses	<u>86,029</u>	<u>95,942</u>
	<u>P 682,516</u>	<u>P 668,132</u>

The fair values of Accounts Payable and Accrued Expenses account have not been disclosed as, due to their short duration, management considers the carrying amounts recognized in the balance sheets to be a reasonable approximation of their fair values.

APR 01 2009

6. RELATED PARTY TRANSACTIONS

*6.1 Advances from Shareholders and a Related Party*

The breakdown of the Due to Related Parties account as of December 31, 2007 is as follows:

ZHI	P	1,175,600
F. Yap Securities, Inc.- In Trust for Various Clients (FYSI)		305,000
Prime Orion Philippines, Inc. (POPI)		<u>93,056</u>
	P	<u>1,573,656</u>

The Company is charged by POPI for the Company's share in various types of expenses commonly incurred in the office. Total charges to the Company in 2008, 2007 and 2006, amounted to P38,445, P10,479 and P18,626, respectively.

In 2008, additional advances were received from FYSI amounting to P760,000, which was initially recorded as part of Due to related parties.

On September 30, 2008, the Company's BOD approved the conversion of all of the Advances from FYSI and the Advances from ZHI as of that date totalling P2,240,600 to Deposits for future stock subscriptions.

On November 26, 2008, the Company's BOD authorized the acceptance of additional cash infusion for future stock subscriptions amounting to P690,300 from FYSI. This additional cash infusion was subsequently received by the Company in December 2008.

The converted amount and the additional cash infusion totalling P2,930,900, are shown as Deposits for future stock subscriptions in the 2008 statement of changes in equity (capital deficiency).

*6.2 Key Management Personnel Compensation*

In 2008 and 2007, there were no expenses recognized for employee benefits since the Company's finance and administrative activities are being handled by a related party (see Note 1.1).

7. INCOME TAXES

The Company has been incurring taxable losses during the year and in previous years. Accordingly, the Company has accumulated net operating loss carryover (NOLCO) which can be claimed as deduction from future taxable income within three years from the year the taxable loss was incurred.

The details of the Company's NOLCO as of December 31, 2008 and their respective availment periods are presented below:

<u>Year</u>		<u>Original Balance</u>	<u>Expired Balance</u>		<u>Remaining Balance</u>	<u>Valid Until</u>
2008	P	664,197	P -	P	664,197	2011
2007		647,935	-		647,935	2010
2006		498,300	-		498,300	2009
2005		<u>542,135</u>	<u>542,135</u>		<u>-</u>	2008
	P	<u>2,352,567</u>	P <u>542,135</u>	P	<u>1,810,432</u>	

The Company's management has assessed that it may not have enough future taxable income to enable it to utilize the benefits of the NOLCO within the prescribed periods. Hence, the related deferred tax assets amounting to P543,130 and P590,930 as of December 31, 2008 and 2007, respectively, have not been recognized in the financial statements.

For the years ended December 31, 2008 and 2007, the Company did not recognize minimum corporate income tax (equivalent to 2% of gross income, net of allowable deductions, as defined in the tax regulations) since the Company incurred gross losses in those years.

#### 8. LOSS PER SHARE

The basic loss per share is computed as follows:

	<u>2008</u>	<u>2007</u>	<u>2006</u>
Net loss	P 664,322	P 657,168	P 498,940
Divided by the weighted average number of issued and outstanding shares	<u>2,733,463.907</u>	<u>2,733,463.907</u>	<u>2,733,463.907</u>
Loss per share	<u>P 0.00024</u>	<u>P 0.00024</u>	<u>P 0.00018</u>

Diluted earnings per share were not determined since the Company does not have dilutive shares as of December 31, 2008 and 2007.

#### 9. CONTINGENCY

As of December 31, 2008, there are pending claims and legal actions by third parties against or involving the Company, which are being contested by the Company and its legal counsel. No provisions for contingency were recognized in the accompanying financial statements since the ultimate outcome of these claims cannot presently be determined. In addition, the Company's management believes that their impact in the financial statements, taken as a whole, will not be material.

APR 01 2009

## 10. RISK MANAGEMENT OBJECTIVES AND POLICIES

As of December 31, 2008, the Company is not exposed to any financial risks as it has no significant financial instruments.

### *10.1 Credit Risk Analysis*

The Company's exposure to credit risk is limited to the amount of Cash as shown on the face of the balance sheet. However, the credit risk for cash is considered negligible since the counterparty is a reputable bank with high quality external credit ratings.

### *10.2 Liquidity Risk*

Liquidity risk arises from the possibility that the Company may encounter difficulties in raising funds to meet commitments from financial instruments.

The Company's objectives to manage its liquidity profile are: (a) to ensure that adequate funding is available at all times; (b) to meet commitments as they arise without incurring unnecessary costs; and (c) to be able to access funding when needed at the least possible cost. Funding for expenditures are advanced by stockholders of the Company.

As of December 31, 2008 and 2007, the Company's maximum liquidity risk is the carrying amount of accounts payable and accrued expenses, which is shown as current liabilities in the balance sheets.

## 11. CAPITAL MANAGEMENT OBJECTIVE, POLICIES AND PROCEDURES

The Company's capital management objective is to ensure the Company's ability to continue as a going concern. The Company's management continues to assess possible investment opportunities and various options regarding operations that it may take in the future. We have audited the financial statements of Zeus Holdings, Inc. as of and for the year ended December 31, 2008, on which we have rendered our report dated February 24, 2009. Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The applicable supplementary schedules (see table of contents) of the Company as at December 31, 2008 and for the year then ended, required by the Securities and Exchange Commission, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The information in such supplementary schedules has been subjected to the auditing procedures applied in audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Our report dated February 24, 2009 on the basic financial statements includes an Emphasis of Matter paragraph that refers to a disclosure in the notes to the financial statements on the uncertainties relating to the ability of the Company to continue as a going concern. The financial statements, as well as the supplementary schedules mentioned above, do not include any adjustments on the recoverability and classification of the assets or the amounts and classification of the liabilities arising from such uncertainties.

## PART I – FINANCIAL INFORMATION

### Item 1. Financial Statements.

(Please see attached unaudited financial statements)

### Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

As of September 30, 2009, total assets stood at P542,408, a 46.24% decrease from December 31, 2008. The decrease is attributable to the 65.38% decrease in cash, primarily due to payment of operating expenses. The decrease in cash was, however, cushioned by a 17.77% increase in other current assets, which increase is due to input value added tax on listing and audit fees. Accrued expenses and other payables decreased by 14.30% due to payment of accrued audit fee.

During the quarter, the Company's total operating expenses increased by 27.23% compared to the same period last year due to payment of filing fee to the SEC for the Company's 2009 SEC Form 20-IS (Preliminary Information Statement) and reimbursement of out-of-pocket expenses incurred by the auditor for last year's audit. For the nine months period, the Company's total operating expenses decreased by 13.76% primarily due to the following:

- Decrease in professional fees, as fees for legal and accounting services were charged in March 2008;
- Decrease in photocopying and reproduction expenses due to reimbursement of expenses by the external auditor in the previous year, which was billed in the second quarter of year 2008;
- Decrease in transportation and travel, as expenses therefor were charged by the external auditor during the same period last year; and
- Decrease in other operating expenses, as two of the Company's directors and Assistant Corporate Secretary attended a Corporate Governance seminar in March 2008.
